

Midterm Policies

You should have the following items on your desk (and nothing else) during the midterm:

- Pen and/or pencil and/or eraser - make sure you have enough writing utensils and they are functional. You should not try to open your bag to get another pen. Have everything ready prior to the midterm.

The following items are **not** permitted during the midterm unless you have accommodations

- Scrap paper
- Calculators
- Watches - remaining time will be displayed on the screen.
- Cell phones - turn your cell phone off completely and put it in your bag not in your pocket.
- Laptops / Ipads/Tablets
- Headphones
- Notes of any kind, notebooks, books etc.
- Any note taking device, recording device, or any device with internet connection.

Note that if you use an eraser (for pen or pencil) and do not erase well, you may not receive any points if previous answer and the latest answer are visible simultaneously.

You will receive points only for legible answers.

Multiple choice questions have one correct answer. Only choose one of the choices. Write your answers in the boxes provided. You should only write a single letter in each of these boxes.

For questions that are **not** multiple choice, show your work. Write your final answers in the boxes or boxes provided.

You may **not** talk to others or look at their answers.

You will have 75 minutes. You may **not** leave the exam in the first 30 minutes.

You may **not** start the midterm until you are prompted to start. Just write your name and email and wait for the prompt to start.
